

## **KWGA Scoring Policy**

In 2022 we will introduce live scoring to all KWGA events. The official process for scoring will be as follows:

Each foursome will run at least 2 scoring channels - 1 electronic and 1 paper record. 2 KWGA Scorecards will be printed for each foursome - but if more are needed, normal golf course cards can be used.

### **The Electronic Channel**

The person logged in to the electronic scorecard, should input scores for all four players. Open the App - select the Event you are playing. In the Live tournament section, select Post Scores. Select YES next to each player in your foursome and select Play Golf. After each hole add scores for all 4 players. If you run into any issues, don't worry, you can add the scores later, just make sure you keep the scores.

### **The Paper Channel**

The person doing the paper scoring shall also score for all four players (or it can be split so one person scores for the two in the other cart). Please ensure that the event items are captured on the paper scorecard as the electronic system may not be able to accommodate it. For example - if the event is most fairways - there will be a line specifically for this to be recorded on the paper copy.

### **The Consolidation Process**

At the end of the round, we ask that the foursome compare the two scoring channels and **verify they are accurate and match**. At this time the group should work through any differences together if there are any. The scorecard gets signed by one from each pair to attest and then gets turned in.

**The turned in scorecard is the confirmation that the Live Score is correct and that the foursome agree that the score is Final.** The paper scorecard will be reviewed for the event (if there is one). Please turn in your scorecard BEFORE you pack your clubs away so that everything can be finalized as soon as possible.

### **Live Leaderboard**

A live leaderboard will be displayed in the clubhouse during the event. Note that until the paper scorecard is turned in, changes may still occur which can change the score displayed in the clubhouse.

### **Announcement of Winners**

The announcement of winners can only be made once all the scorecards are turned in.

***It is still each player's responsibility to ensure that their scores are posted correctly. Don't just leave it to someone else and then at the end try and remember what happened.***
